Travellers' and Inspection Bungalow, Belgaum,
Providing additions and alterations to the electric installation in the -.

GOVERNMENT OF BOMBAY.
Public Works Department.
Resolution No.7134/36.

Bombay Castle, 20th November 1947.

Letter No.B.M.28, dated the 5th September 1947, from the Superintending Engineer, Southern Circle, as under:—

"The plan and estimate the latter amounting to Rs.919/- in connection with the above named work prepared by the Executive Engineer, Electric Division, Bombay, are submitted herewith for the approval of Government as required by Government letter No.6717/36-(3)-EL(1), dated the 21st February 1946.

2. At present only a pendant light is provided high up in the centre of each of the rooms. This makes it very difficult for the occupant to do his work at night. There are no plugs and counter weights etc., provided for raising and lowering the lights. The cook rooms also have not been provided with lights. It is therefore considered that the provision made in the estimate is essential.

3. On receipt of the approval of Government, the formal administrative approval will be accorded by me."

RESOLUTION: The work of providing additions and alterations to the electric installation in the Travellers' and Inspection bungalow, Belgaum, estimated to cost Rs.919/- (original work Rs.913 plus Repair work Rs.6/-) is approved administratively.

By order of the Governor of B'bay,

Inspection Bungalow at Baramati: Providing electric installation in the -

Government of Bombay.
Public Works Department.
Resolution No. 7134/36.

Bombay Castle, 15th December 1948.

Read Government Resolution No.—7134/36, dated the 14th August 1947.

Letter from the Electrical Engineer to Government No.D-18/2503, dated the 23rd August 1948.

"Reference: Government Resolution, Public Works Department, No. 7134/36, dated the 14th August 1947.

"The Executive Engineer, Nira Canals Division, Poona has intimated to the Executive Engineer, Electrical Division, Bombay that the above Inspection Bungalow is classifiable under the head "XVII A Irrigation Works - Nira Left Bank Canal" and hence the expenditure incurred on the above work during the last financial year under the head "50-Civil Works-Provincial-Communications" in accordance with the orders issued in para 2 of the Government Resolution referred to above is to be written back and para 2 of the Government Resolution also needs correction.

"Accordingly the expenditure of Rs.4,623/- already incurred on the work during the year 1947-48 under the head "50-Civil Provincial-Communications" is being written back by the Executive Engineer, Electrical Division, to the head "XVII A Irrigation Works - Nira Left Bank Canal" during the current financial year and the resulting savings on account of minus expenditure under the head "50-Civil Provincial-Communications" will be surrendered to Government in due course.

"The work noted above was completed except the supply of ceiling fans which were not then available. As the ceiling fans are likely to be supplied during the current year, it is requested that Government may be pleased to sanction funds amounting to Rs.5,123/- to cover the total

expenditure on the work during the current financial year at an early date".

RESOLUTION:- In modification of the orders issued in Paragraph 2. of Government Resolution No.7134/36, dated the 14th August 1947, Government is pleased to direct that the cost of providing electric installation in the Inspection Bungalow at Baramati should be debited to the head "XVII-A(2)-Extensions and Improvements". The expenditure incurred on the work during the year 1947-48 by debit to the head "50-Civil Works - Provincial - Communications" should accordingly be written back to the head "XVII-A(2)-Extensions and Improvements". The Accountant General, Bombay, should be requested to carry out the necessary adjustments in the accounts for the year 1947-48.

2. Expenditure to the extend of Rs.500/- representing the amount required for the portion of the work to be carried out during the current year is authorised. The Electrical Engineer to Government should submit to Government, in due course, an application for the exact amount required, when a source to meet the charge will be pointed out.

By order of the Governor of Bombay,

Providing electric installations in the Inspection Bungalows at Nandurbar and Lonand.

Goverment of Bombay.
Public Works Department.
Resolution No.7134/36.

Bombay Castle (Bombay No.1),
11th January 1951.

Letter from the Superintending Engineer, Central Circle, No.WK18-304, dated the 9th January 1950.

Letter from the Superintending Engineer, Deccan Irrigation Circle, No.136/844-W, dated the 31st January 1950.

Memorandum from the Electrical Engineer to Government, No.D.18/9151, dated the 18th October 1950.

RESOLUTION :- The following works are approved administratively at the cost shown against each of them:-

	Estimated cost. Rs.
(i) Providing wiring for 11 light points with fittings and bulbs, 2 fan points with ceiling fans, and 4 plug sockets together with necessary mains and D.B. as also the Supply Company's service connection at the Inspection Bungalow, Nandurbar, West Khandesh.	1,075/-
(ii) Providing wiring for 11 points for lights with fittings and bulbs and 1 ceiling fan point with fan and 3 plug socket points with necessary mains and switch gear and Supply Company's service connection charges in the Inspection Bungalow at Lonand.	1,221/-

2. The Electrical Engineer should take up with the Nandurbar Electric Supply Company the question of extending its mains up to the Inspection Bungalow at Nandurbar and advice the Company to approach Government for the necessary permission under Section 27 of the Indian Electricity Act, 1910.

3. The cost on account of these two works should be met from the provision of Rs.15,000/- placed at the disposal of the Electrical Engineer to Government in the current year under the head "50-Civil Works".
